

MAs in Design Project Proposal

Applicant's Proposal Form

This proposal must be completed and sent with your application form. You are advised to keep a reference copy for any subsequent interview or discussion prior to entry to the course.

The intention of this form is for you to describe what you feel is important about your present work and how you see it developing through your MA Design course and your chosen specialist pathway; Contemporary Crafts, Interior and Landscape Design, Garden Design, Textile Design, or 3D Design. Your proposal will be used in relation to portfolio scrutiny as a means of ensuring that the course can provide what you want and that your projected study is appropriate to the course, as well as a starting point for your studies.

Name.....

MA Pathway.....

Intended area of study within Design.....

Proposal

Please describe your proposal clearly and be as explicit as possible in relation to the following points:

- 1 Your rationale for, and intended aims in, choosing this area of investigation
- 2 The subject, content and issues you will be investigating
- 3 How the intended study relates to other productions and theoretical frameworks. It is important to know what work has already been done in your proposed area of study and how this relates to your own interests
- 4 The intended methods which you wish to employ and the reasons why these are the most suitable for the purpose.

Attach your proposal to this form and return with your completed application. The proposal should not exceed one side of A4.

I certify that the work proposed has not constituted a major part of work previously undertaken for an award in Higher Education.
