

BURSARIES

Undergraduate bursaries from the Falmouth University are awarded based on the information supplied by Student Finance. It is important that students and their sponsors have completed a 'means-tested assessment' and have given their consent to share their information (this will be asked when filling in the Student Finance assessment).

Undergraduate bursaries which have met the approval process required by Student Finance and Falmouth University will be paid in either 1 or 2 instalments, dependent upon the award. These bursaries are not repayable. If a student withdraws midway through the academic year, then they may receive a nil or partial payment.

Any university or FX Plus accommodation debts from **previous** academic years will be considered before any bursary payment is made. If debts are still outstanding, then these will be paid first, before any payment is made to the student.

This policy will be reviewed on an annual basis.

For all bursary information please contact the Bursary Team.
