

As Europe's premiere photographic education facility we are pleased to be able to offer our facilities for hire on a commercial basis.

With 9 studios, darkrooms, digital suites and a professional print facility as well as cameras, lighting and accessories from the world's top brands, we can meet the needs of the most demanding professional whilst still catering for the advanced amateur.

We have far too much equipment to list everything here, so if you can't see it, please ask.

Call the Photography stores on 01326 213703 for details or email us at: PhotoCentre@falmouth.ac.uk

More information on our FaceBook page:

Available only for use on site.	

Photography Centre

Equipment and Facility Hire and Booking Information

Equipment and Facility Hire Terms and Conditions

An equipment rental day is charged at a minimum of 24 hours from the time of pick-up.

Periods of 7 days or more attract a 40% discount.

The weekend rate is a one day rental charge from Friday 4pm pick up through to Monday return by 10am.

Late returns are subject to an additional charge which may include a full day's rental charge.

Facility hire sessions are: Full day 9:00 – 21.00; ½ day 9:00 – 15:00 or 15:00 – 21.00

During the University vacations we offer a reduced facility hire rate based on a 9.30am to 4.30pm day at half our normal daily rate with the exception of Studio 6, 7 and 8 where full rates apply all year to cover staffing costs.

All prices exclude VAT and are subject to change without notice.

Payment and Deposit

Payment is required in full before the rental of equipment or hire of a facility commences. Payment can be made with card or cash only.

Proof of ID and address are required for all off site rentals.

As deposit, details of a valid credit or debit card will be required, against which the full recovery and replacement cost of any non-returned items will be charged.

Cancellations

Please call as soon as you can if you have a cancellation or need to change your booking.

No-shows will be liable for the full cost of the booking unless we are able to re-book the equipment. Cancellations at less than 12 hours' notice may incur an administration charge.

Conditions

All rentals are subject to availability of equipment.

All rentals will only be loaned to the agreed Lessee in person and will not be accepted back from anyone except the agreed Lessee in person.

All rentals will only be loaned from and accepted back at the Photography Centre's Photographic Equipment Stores.

The Lessee accepts full responsibility for the equipment or facility on hire for the duration of the loan period. It is the responsibility of the Lessee to fully check the contents of and test the operation of all equipment upon loan and report immediately any problems.

The Lessee agrees to return all equipment complete and in good condition and by the agreed time. All facilities must be left in the same condition found and vacated by the agreed time.

Any damage or loss resulting during the rental or loan period will be paid for in full by the lessee. Such repairs or charges will be based on current rates.

Falmouth University assumes no responsibility for damage to film materials or other liability of any kind resulting from the use of the equipment.

Insurance Cover and Public Liability

Where and only if the Lessee has their own Public Liability insurance cover, any loss or damage to rental equipment or facilities will be covered by the Falmouth University insurance provider.

Any such claim against the Falmouth University insurance policy will result in an excess of up to £500 being payable by the Lessee (or the course, in the case of the loan being on an internal Ad-hoc basis).

Where the Lessee has no personal cover for Public Liability, it is the responsibility of the Lessee to provide their own insurance cover for all risks involved in the rental of equipment or facilities from Falmouth University and no claim can be made against the Falmouth University's insurance policy.

Car Parking at Penryn Campus

If you are visiting the Photography Centre briefly, you are permitted to park in the loading bay outside the Centre for **up to 30 minutes**. If you are staying longer charges may apply in the main car parks, please ask us for details. Please note that parking is controlled by an external company.

External users H&S Studio & Darkroom notes

Fire

Please familiarise yourself with emergency fire procedures. A two-tone siren means you are to evacuate the building immediately. Fire exits are clearly indicated and a fire escape and assembly point plan is displayed in all rooms.

First Aid

Contact the Photography Equipment Stores or any member of the Photography Centre staff who will provide assistance. If the stores are closed for any reason there are emergency phones in the corridors outside the darkrooms and the digital suites.

Accidents

Please report any accidents to a member of the Photography Centre staff.

Equipment

We will give all first – time users a safety introduction to the equipment in the studios and darkrooms. If you wish to use your own electrical equipment it must have an up to date PAT test.

There is an emergency power cut-off button by the door in studios 1 to 4; this isolates the overhead gantry system *only*. Smoke alarms can be disabled if you wish to use smoke machines or any other equipment that may trigger them such as very fine powders or even garment steamers – please give us 24 hours' notice.

Studio & Darkroom etiquette

All visitors must sign in and out at the Photography Stores.

No eating or drinking.

Sensible footwear to be worn by users, no flip-flops or open toed sandals. Leave the facility as you find it, clean and tidy.

If the facility is not clean when starting please report it.

Chemicals

If you prefer to process materials by hand, please discuss this at the time of booking. If you plan to use your own chemicals we must have COSHH/MSDS information in advance.

Call the Photography stores on 01326 213703 for details or email us at:
PhotoCentre@falmouth.ac.uk
