Introduction

I am delighted to announce the GREAT Britain Scholarships - India 2015. With almost 400 scholarships this year, and over 750 in the last two years, this is the largest ever scholarships programme offered to Indian students.

Student mobility is critical for cultural relations. The mutual movement of people and ideas between India and the UK helps to strengthen the future relationship and create an environment for more creativity, innovation and enterprise.

The British Council is working with partners across the UK government in the GREAT Campaign to promote the UK as a study destination.

This year, in partnership with 57 UK universities, we are offering 396 part scholarship awards worth 1.5 million pounds to Indian students, in varied subject areas ranging from Engineering, Law and Business to Art & Design, Biosciences across England, Scotland, Wales and Northern Ireland.

I trust this initiative will help forge a stronger long term relationships between India and the UK.

Rob Lynes

Director British Council India

Did you know?

- The UK is one of the most exciting and productive places in the world for research, creativity and innovation. If you have a passion for learning and want to be at the forefront of your subject, this is the place to be. In surveys, over 93% of postgraduate students rate the quality of UK teaching highly. Read more:
<http://www.educationuk.org/global/articles/international-student-from-india-scoops-major-science-award/>
- Read stories from former students who have now bagged their dream job! Read more : <http://www.educationuk.org/global/sub/uk-international-alumni-stories/>
- In the recently published QS World University Rankings 2013/14, four of the top six universities in the world are in the UK. To know more, visit: www.topuniversities.com/qs-world-university-rankings. According to the latest QS report, a survey was carried out with 27,000 graduate employers and found that graduates from UK universities are among the most employable, with employers rating five UK universities among the world's top 10.
- The UK is a leader in research and innovation and UK has more than 115 Nobel prizes winners. Professor Higgs joins a distinguished line of previous UK-educated winners and Professor O'Keefe, from University College London, has to joined the league recently.

- In the new HE Academy Postgraduate Taught Experience survey, an outstanding 93% of UK postgraduate students rated the quality of teaching positively and Over 88% international graduates satisfied with their learning experience

CREATIVITY IS GREAT BRITAIN

*Mr Bean TV Series
Tiger Aspect Productions*

Shown in 80 countries and with over 2 billion views online, Britain's Mr Bean is making people laugh all around the world. For creative talent that crosses boundaries, choose the UK.

www.britishcouncil.in

The British Council creates international opportunities for the people of the UK and other countries and builds trust between them worldwide. We are a Royal Charter charity, established as the UK's international organisation for educational opportunities and cultural relations. Our 7,000 staff in over 100 countries work with thousands of professionals and policy makers and millions of young people every year through English, arts, education and society programmes. The British Council was established in India in 1948. The British Council is recognised across India for its network of nine libraries and cultural centres. We offer a range of specialised projects in Arts, Education, Exams, English language and Society to audiences across India and more than 100,000 members. We also provide access to English language training and learning for both students and teachers, offer UK qualifications in India and enable opportunities to study in the UK.

The United Kingdom's international organisation for education opportunities and cultural relations.
We are registered in England as a charity.
