used safely. This will complement but not be part of the formal induction of students' in the use of technical equipment. These demonstrations will not be assessed as part of the learning outcomes of the curriculum.

1. Stores

- a) Prepare, set-up, maintain and test technical equipment to ensure it is in safe and good working order, troubleshooting when necessary.
- b) Manage the storage, issue and return of loan equipment, ensuring accurate, timely and effective upkeep of the booking and loan record systems, and the financial aspects of the loans.
- c) Demonstrate to students and other stakeholders borrowing equipment how it is used safely both for the user and for the equipment itself. This will include demonstrating the key user features of the equipment and preparing user documentation.
- d) Take delivery of new equipment, consumables and other resources to be held within the stores, commissioning it when necessary, preparing risk assessments for its normal operating use, and entering it on to and maintaining the store's inventory system.
- e) Advise on the purchasing of new technical equipment, and undertake purchasing of consumable items.
- f) Ensure the general tidiness and daily maintenance of the technical stores.
- g) Work collaboratively as part of a technical stores team, assisting and covering colleagues during busy periods or absences.
- h) Complete technical and other relevant (e.g. health & safety) training as identified and agreed for appropriate maintenance and development of skills.

2. Administration and management

- a) Contribute to relevant technical or other working groups/committees as determined by the Stores Manager.

3. Health and safety

- a) Undertake risk assessments for the use of technical equipment within the Health & Safety framework of the University on a continuous basis.
- b) Agree, recommend, document and adopt work practices within the technical stores and other area(s) which are consistent with actions arising from risk assessments.
- c) Build risk assessments and associated health & safety standards and procedures into the demonstration of the technical equipment, including the use of appropriate documentation.

In relation to health and safety, you are responsible for ensuring that:

- d) You comply with safe systems of work in operation within your work area.
- e) You work co-operatively with other staff who have responsibility for health and safety requirements.
- f) You report any health and safety concerns to your manager or other responsible member of staff as soon as these are identified.
- g) You attend training as appropriate to your role (see the relevant health and safety training grid for requirements).
- h) You may be required to undertake duties as a first aider (for which a separate allowance is paid).

4. General duties and responsibilities

- a) To work within and actively support the equality and diversity policies and practices of Falmouth University
- b) To notify a more senior member of staff of any errors or concerns at the earliest opportunity.
- c) To participate in the University's annual Performance Development Review process.
- d) To ensure communications systems and practices support effective management arrangements and promote good relations with staff and students.
- e) To work within a framework of effective governance, ensuring compliance with relevant regulations, legislation, policies and procedures.
- f) To be responsible for your own continuing self-development.
- g) To undertake other duties not specifically stated above, which from time to time are necessary for the effective performance of the university's business without altering the nature or level of responsibility involved.
