

INSTITUTE OF PHOTOGRAPHY EXTERNAL HIRE PRICE LIST 2024

As Europe's premiere photographic education facility, we are pleased to be able to offer our facilities for hire on a commercial basis. With 8 studios, darkrooms, digital suites, and a professional print facility as well as cameras, lighting, and accessories from the world's top brands, we can meet the needs of the most demanding professional whilst still catering for the advanced amateur.

Contact Details

For all hire enquiries please visit –

<https://www.falmouth.ac.uk/working-with-business/facilities-equipment-hire> and follow the link on the IoP section to submit an enquiry form.

The Photography Stores, Institute of Photography, Falmouth University, Penryn Campus, Treliever Road, TR10 9FE T: 01326 213703 E: iopstores@falmouth.ac.uk

Minimum Notice Period

A minimum 24 hours' notice is required for all equipment and facility hires.

We can only take facility bookings a maximum of two weeks in advance.

Hire Period and Rates

All hires are subject to availability of equipment and / or facilities.

All hires will only be issued in person from and accepted back at the Institute of Photography.

Facility hire sessions during term time are:

Full day 9:00 – 19.00; half day 9:00 – 14.00 or 14.00 – 19.00.

During the University vacations and on term time Saturdays we offer a reduced facility hire rate based on a 9.30am to 4.30pm day, at half our normal daily rate.

Late returns are subject to an additional charge which may include a full day's hire charge.

Discount Structure

The following discount structure for equipment and facilities hire applies to Falmouth University graduates only.

Year 1 =40%

Year 2 =20%

Year 3 =10% - in perpetuity

Proof of ID

Proof of ID and address are required for all hires.

Payment

Payment to be made in-store only, by debit or credit card. Where a pre- approved, payment arrangement has been agreed, payment may be possible by invoice.

Car Parking

If you are visiting the Institute of Photography, please see the [car parking policy](#)

Health and Safety

Important information relating to health and safety within the Institute of Photography, including emergency procedures, first aid arrangements and hazards is detailed in [this Safety Guide](#). Please ensure you have read and understood this information before using our facilities.

All persons working within the IoP are required to follow safety arrangements and comply with all safety instructions and signage.

All accidents, incidents, and near misses must be reported to a member of staff who will ensure that an incident report is carried out. Any damage/faults/defects of any equipment must also be reported to staff to ensure that any risk to users is addressed.

Studio and Darkroom Etiquette

No eating or drinking.

Sensible footwear to be worn by users, no flip-flops or open toed sandals.

Leave the facility as you find it; clean and tidy. If the facility is not clean when starting, please report it.

Chemicals

Our darkrooms and process areas contain numerous hazardous chemicals, including some that are dangerous to unborn children. For this reason, anyone who knows or suspects that they may be pregnant should not enter or work in these areas.

All chemicals used in the IoP have been COSHH risk assessed to determine what safety precautions (including PPE) are necessary. If you wish to bring and use your own chemistry, please discuss this at the time of booking as we will need time to complete any necessary COSHH risk assessments.

Equipment

We will give all first-time users a safety introduction to the equipment in the studios and darkrooms. If you wish to use your own electrical equipment in the studios, it must have an up-to-date PAT test. With prior arrangement we can offer an in-house PAT test (please see studios section of the price list for details).

There is an emergency power cut-off button by the door in studios 1 to 4; this isolates the overhead gantry system only. Smoke alarms can be disabled if you wish to use garment steamers – please give us 24 hours' notice. The use of fine powders or other items that are potentially damaging to equipment is not allowed in our studios. Please ask if you are unsure. Smoke machines can only be used by prior arrangement in Studios 6, 7 and 8.
