### COMMERCIAL PHOTOGRAPHY

---

Dear [NAME]

Welcome to Commercial Photography at Falmouth.

We're getting in touch with some important information about your course that will help you as you prepare to join us.

At the end of this letter, you will find a list of equipment that you should bring with you, as well as any other costs that you might incur throughout your course.

Your academic experience will be predominantly in person with some courses using a small amount of digital resources to support your learning. To engage in the digital learning activity, although you will be able to access IT suites on campus, you will benefit from a laptop to access the platforms and tools we use. You will be provided with free access to the Microsoft Office suite, (including Word, Excel and PowerPoint) while you study at Falmouth.

If you are eligible for a loan from Student Finance and have not yet applied, please do so immediately to ensure the loan is approved before you enrol. Once you enrol you are liable for the tuition fees. You can find more information from the Student Loans Company at: [www.gov.uk/government/organisations/student-loans-company](http://www.gov.uk/government/organisations/student-loans-company) Advice on managing your finances whilst studying can be found on the University's website here: [falmouth.ac.uk/study/student-funding/how-much-does-it-cost](http://falmouth.ac.uk/study/student-funding/how-much-does-it-cost)

Over the summer, you can join our Step into Falmouth Sessions. These online workshops are designed to provide advice and guidance on settling into university life. They are scheduled to take place across three weeks in July and August. Some of them will also be recorded so you can watch them back at a time that suits you. More information can be found at [falmouth.ac.uk/experience/new-students/step-into-falmouth](http://falmouth.ac.uk/experience/new-students/step-into-falmouth)

Over the summer, if you have any questions, you can join the Student Mentor team on Discord to talk about the course, living in Cornwall and what to expect at Falmouth. Our mentors are already studying on your course, so ask them anything you like. Find them at [falmouth.ac.uk/experience/new-students/mentoring](http://falmouth.ac.uk/experience/new-students/mentoring). Alternatively, email your name and your course to: [studentmentors@falmouth.ac.uk](mailto:studentmentors@falmouth.ac.uk) and they will be in touch.

Over the next few weeks, we'll email you more important information about your course and life at Falmouth. If you're going to be away or out of contact, make sure you ask someone to check your emails and reply on your behalf.

We know there is a lot to think about before you start at university. So, we're here to help. ## Suggested reading

You will have access to a wealth of resources from the library when you arrive and reading lists will be available on The Learning Space when you enrol for each of your modules. However, you may wish purchase some key books during your time at Falmouth. If you are going to buy one book on photography before you arrive, we recommend:

Mary Warner Marien: Photography, A Cultural History.

The above publication can be ordered from:

Falmouth Booksellers

[falmouthbookseller@mabecronbooks.co.uk](mailto:falmouthbookseller@mabecronbooks.co.uk)

or [www.hive.co.uk](http://www.hive.co.uk) or any other reputable bookseller.

We also recommend looking regularly at [www.itsnicethat.com](http://www.itsnicethat.com) which is a great resource for keeping up to date with creative practice.

## Equipment and costs

As a medium, photography is constantly developing so the following figures are intended as a rough guide of anticipated expenditure on the course for 2022/2023.

### Laptop

You will need to have your own laptop, PC or MAC, on which you can access online learning materials and can process high resolution digital images. This should be capable of running Photoshop as a minimum, the specifications can be found here:

<https://helpx.adobe.com/uk/photoshop/system-requirements.html>

You will also need access to a reliable broadband connection (if you are living in University accommodation you will have this).

### Accessories

- SD card(s), minimum 16Gb.
- USB card reader for the above.
- USB hard drive, minimum 250Gb recommended.

*Approx. overall cost £50 – £100*

### Camera

Whilst a Laptop is the most important piece of equipment for your studies, If you have the budget for a camera then I would suggest waiting until you arrive as we have a wide range of cameras and lenses you can try before you decide which system is best for you. If you do want to take the plunge and buy your own DSLR then I would suggest a full frame or Mirrorless DSLR. The IOP supports Canon, Sony and Nikon so these may be the best choices for compatibility with our lenses and accessories.

**Optional items** – We also recommend the following optional equipment as an important aid to your studies:

- Lens hood and UV/Skylight filter for each of your lenses.

- Shutter release remote control or shutter release cable.
- Camera bag – large enough for items you may wish to use/purchase during the course.
- Sturdy tripod.
- There will also be a number of stationery items that you will need to purchase during the course such as notepads, A4 binders and a Stanley knife.

Approx. overall cost £50 – £100

### **Consumable materials**

Throughout all three years students need to budget for material costs for film, printing, portfolio materials and other consumables. The actual costs will depend on the amount of work you do and on the decisions that you make in terms of processes, presentation, print size and so on. A budget of £100-£400 per year should cover basic costs.

During the first year you will get the optional workshops in the darkroom to work with analogue processes. You will be able to buy these materials from our stores on Penryn Campus, or from the following suppliers:

Associated Photography  
30 Arwenack Street, Falmouth

[associatedphotography@btconnect.com](mailto:associatedphotography@btconnect.com)

or online from:

[www.processuk.net](http://www.processuk.net)  
[www.portfoliosplus.co.uk](http://www.portfoliosplus.co.uk)

### **Study trips**

There will be a number of educational trips during the course which include study visits, individual research trips and placements. These experiences are an integral part of your studies and you are expected to attend. We estimate this to be about £200 in total per year although this may vary, depending on the visits or placements arranged.

### **Optional trips**

We run a number of international trips every year; with costs ranging from £400 - £1500. Information about trips running this year will be made available after enrolment.
